

Dear Thomas, Birdsong, Mills, McBride & Osborne, RC,

Thank you so much for your support! We placed 2nd overall out of 61 international teams - claiming 4th in Seeding, 3rd in Double Seeding, & 3rd in Double Elimination. We received additional recognition for an outstanding subsystem on one of our robots. It was an honor to represent Rolla, Mo at GCER, and our friends from Poland & Austria are so intrigued by Missouri now. We had a wonderful time and are so grateful to you - we couldn't have done it without your support! Thanks!

Sincerely, (Rolla Regional Robotics)

 Nathanael Ryan *Timothy*
